## Message from GwE and the Region's Local Authorities

We hope that you are all keeping well and safe in this very difficult period.

On Friday last week, Welsh Government published 'The Decision Framework for the next phase of childcare and education: considerations, planning and challenges'. To support you in your preparations we (Local Authority and GwE) will meet with the primary and secondary federations in each authority to discuss:

- Draft risk assessments;
- Framework of advice and guidance which will support your decision making when it is clear who the targeted learners will be when more pupils are to be admitted; and a
- Dashboard (screenshot below) that will be a one stop shop for you in this important next phase.

In the first instance and due to their own unique circumstances one to one discussions will be held with PRUs and Special Schools.

Although no decision has been made to re-open schools we want to work proactively with you so that schools across the Region will be in a sound position when such a decision will be made.

Many of you will have started collecting your thoughts about the next steps. We look forward to holding these discussion with you and to receive your views and how best we can share thinking in this very important and critical phase.

#### Half Term

We realise schools are still providing care for children of key workers next week, however, to confirm that in line with Welsh Government guidance, there is NO expectation that schools deliver learning content during the May half term break. This is a statutory school holiday and the physical and emotional well-being of staff, parents and pupils will benefit from a much needed rest.

## #CoronavirusAndMe Survey

People who can make a difference to your life want to hear from you about how life has been over the last few weeks.

The Children's Commissioner for Wales, the Youth Parliament and Children in Wales have been working with the Welsh Government, to make sure that they hear and listen to what you have to say. All of those people want to make sure they are doing their best for all children and young people in Wales. They want to make sure that they are giving you the information and support you need to feel as happy as possible during this time and afterwards.

The survey should take you around 15 minutes.

**The survey closes on 27th May.**

Please share your views. The survey is on this link:  [www.childcomwales.org.uk/coronavirusandme](http://www.childcomwales.org.uk/coronavirusandme)

## Teen Blog

The National Library of Wales is redesigning the Welsh Libraries / Llyfrgelloedd Cymru website and introducing some new features that will hopefully support and promote reading activities in Wales. One of the features will be a Teen Blog, which hopefully could be a platform for young people in Wales to write about any subject relating to their reading experiences. Some ideas for the Blog could be the following:

- A review or insight into a book you are reading / have read.
- A comparison of books you have read
- An introduction to a number of books in a particular subject area you are interested in.
- Your experience of the RBdigital eComics service
- Your experience of using Borrowbox or RBdigital eAudioBooks or eBooks during 'lockdown'.
- A piece about 'What's so special about my local library.'

The word count for the Blog should be 300-600 words. We will choose several Blogs each year that will be published on the Welsh Libraries website. These will each win £20 Book tokens. The Blog can be written in Welsh or English. Please return the completed Blogs to [jhe@llgc.org.uk](mailto:jhe@llgc.org.uk)
