

# Preparing for the new Curriculum for Wales

---

- 
- The aim of PowerLanguage for Schools is to help teachers across the country deliver a progressive and contextualised language programme to learners aged 3 to 12 years.
  - Over 60% of Schools in Scotland have been using our resources since 2014. More recently, we have been helping an increasing number of Welsh schools prepare for the new curriculum.
  - This on-line Platform is aimed at specialist and non-specialist language teachers, from Nursery through to early secondary school.
  - Teachers can use as much or as little as they want. Resources are flexible and can be adapted to suit teachers and learners' needs, not the opposite!

# How does it work?

---

The Platform is organised in 3 sections:

- 1. Planners and Associated Resources** – this section guides teachers and supports progression from Nursery through to early Secondary school.
- 2. Responsive Resources** – in this section teachers can choose and access a large selection of specific resources, developed to suit the nursery, primary and early secondary curriculum.
- 3. Profiling and Assessing:** We have created “Passports” to help teachers profile and assess learners and to support pupil and parental voice.

## How does it work?

---

**Native speakers:** All our resources come with sound files recorded by native speakers to assist specialist and non-specialist language teachers with the pronunciation of unfamiliar language.

Each dossier or planner includes a document recapping the core language with sound files, as well as an English translation.

**Languages:** French and Spanish.

# powerlanguage.school

The screenshot shows a web browser window with the URL `powerlanguage.school`. The page features the **PowerLanguage SCHOOLS** logo at the top center. In the top right corner, there is a blue button that says "Welcome Wales demo" with a user icon. Below the logo is an orange navigation bar with the following menu items: HOME, PLANNERS, RESOURCES, NEWS, HELP, PROFESSIONAL DVLPPT, and ACCOUNT. The main content area has the heading "PowerLanguage Schools" and the sub-heading "Enhance the learning and teaching of modern languages in your school and wider community". Below this, there are three blue dropdown-style boxes containing the following text:

- Progressive planners
- Languages across the curriculum
- Voices of native speakers

The bottom of the image shows a Windows taskbar with various application icons and a system tray on the right displaying the time as 20:14 and the date as 03/12/2020.
