## CONFERENCES

### 'Ein Llais Ni' Oracy Programme Event

Venue: Venue Cymru, Llandudno

24/10/2023 | 9:15 - 15:30

[REGISTER](#)

Oracy is a powerful tool for progress in all subjects and 'Ein Llais Ni' will equip you to develop increasingly confident Welsh speakers.

The Ein Llais Ni project has evolved and we invite you to an event to share the latest developments as well as have opportunities to obtain ideas and practical resources for developing the Welsh language. Oracy expert Richard Hull from 'Confident Communication' will join us to explore in practice how oracy can be used to inspire pupils to 'find their voice', express opinions, build their confidence and deepen their learning.

This event is for all primary, secondary and special school leaders and teachers who are interested in oracy and need to embed pedagogy within their classes. It is suitable for everyone who wants to learn more about how the Ein Llais Ni programme can support you in developing Welsh speaking and listening skills.

## Developing the Love of Reading with Neil Griffiths

Neil Griffiths is a former Primary School Headteacher and a highly popular author of many children's picture books and educational publications. He was also the director of the National Literacy Support Project for the Basic Skills Agency.

On meeting Neil, you will soon discover his passion for children and desire to create an education system that suits the child and creates decent human beings who contribute positively to the world. He believes whole-heartedly in a child centred approach to learning that couples rigour in planning with enthusiastic teaching and original starting points.

He is known for his unique delivery, honesty, exceptional energy and pragmatic approach to teaching. His sessions are packed full of ideas for the everyday setting and time with Neil is an experience you will never forget!!

The opportunity to listen to Neil doesn't come around often - please make every effort to attend this inspirational speaker event who will undoubtedly impact your reading provision.

## RESEARCH AND EVALUATION PROJECTS

### Can you help us to improve our understanding of pupil voice in schools?

We are looking for teachers in both primary and secondary schools in North Wales to share their experience and opinions on aspects of accessing pupil voice.

A Master's student (Arwyn Roberts) at the School of Educational Sciences, Bangor University, is working with GwE to evaluate pupil voice within the Curriculum for Wales. The research aims to synthesise the opinions of teachers and learners, together with Welsh Government and Estyn guidance, to describe how schools capture pupil voice. Children and young people's opinions have already been collected from two Youth Summits held in 2022-23. Arwyn would be very grateful to hear the opinions of teachers in North Wales, and invites you to complete the questionnaire [using this link](#). There is also a chance to win one of two £50 vouchers available for teachers who complete the questionnaire.

### Improving Fluency in Oral Reading using the Repeated Reading Intervention [iFOR]

Schools are invited to take part in a Repeated Reading evaluation project in the spring term 2024. [Full details here](#).

This project is a partnership between GwE and CIEREI, Bangor University as part of our evidence-based reading provision that is summarised [here](#).

To learn more and to register an expression of interest, please follow the link:

<https://forms.microsoft.com/e/GuDK9izx3x>

### Can you help improve the evidence base around spelling instruction?

We're looking for literacy leads in primary schools to complete our questionnaire to help us improve the provision for spelling in Welsh and English.

Through our recent collaborative research with our university partners, GwE has identified the need to examine how approaches to teaching spelling have changed and how these compare against our improved understanding of spelling in the context of the Science of Reading. Over recent years, we have improved our knowledge of spelling instruction, and our research partners have developed more effective ways of teaching spelling. Researchers from Leeds Trinity University and the Collaborative Institute for Education Research, Evidence and Impact (CIEREI), Bangor University are working with GwE to evaluate current spelling provision in schools across north Wales. Our aim is to help teachers access evidence-informed spelling approaches to help improve learners' skills in both English and Welsh.

If you are a literacy leader or the person responsible for spelling provision in a primary school, please help us build an accurate picture of current provision by completing our questionnaire using [this link](#).

### Secondary Humanities Teachers

GwE has planned a Humanities conference for secondary teachers for **16 November 2023**. Further information to follow. It will be an opportunity to share your early efforts and good practice as you've responded to the new Curriculum for Wales.

The questionnaire gives us an opportunity to collate some preliminary information about your good practice and will enable us to organise workshops to respond to your needs. We'd also like to establish a digital network so that we can share key messages and good practice. Please respond to the questionnaire in light of your planning for Y7 and Y8 learners. It should take 15 minutes and we would be grateful if it could be completed by the end of the Autumn term. Please pass the link on to any colleagues who might be interested in responding to the questionnaire and/or joining the Humanities network.  <https://forms.office.com/e/Y1rVHKq9ty>.

### Framework for Evaluation, Improvement and Accountability

#### Guidance on the Summaries that Schools need to Prepare

The Welsh Government framework for school improvement will be statutory in September 2024. The guidance states an expectation for all schools to publish a summary for parents, which shares information about the school's self-evaluation conclusions, progress against previous priorities, high-level improvement priorities and the external support a school will access to achieve its priorities. In order to prepare for this expectation, a group of schools, in collaboration with GwE, have jointly created example model documents to support schools across the Region.

The virtual Teams meetings to share the group's work have now been. If you would like access to the presentation, templates/examples and recordings of the session they are available [here](#).

## Towards 2024...

The project is to work in collaboration with 8-11 age range teachers to further strengthen and support self-evaluation and school improvement towards realising the Curriculum for Wales, through evaluating and developing current curriculum approaches, progression and pedagogy.

## Y GYMRAEG [WELSH]

### Shwmae Su'mae Day

Shwmae Su'mae day will celebrate its 10th anniversary this year - can you do 3 things in Welsh to celebrate the ten?! As the 15th is on a Sunday this year, make sure you celebrate at school, college or the workplace during the week before!

It's an opportunity to have fun and share the language - in the shop, the leisure centre, at work, at school, on the playground and with your friends, online or face to face! The important thing is to recognize and celebrate the day in whatever way you can!

### Ysgol Aberconwy School - Siarter Iaith Uwchradd (GwE) accreditation

#### BRONZE AWARD

On 15/09/2023, Ysgol Aberconwy received the Siarter Iaith Uwchradd (GwE) Bronze Award, the first secondary school in the region to receive this award. Luned Parry (Deputy Head of the Welsh Department) collaborated with GwE's Welsh Language Team during the past year to collate the evidence for the award, and it was overwhelming for Luned and the school to realize how much had been done over the years to promote the Welsh language and the benefits of bilingualism among their learners. Throughout their journey, the school's vision and the support of the Headteacher, Mr Ian Gerrard and the Senior Leadership Team at Ysgol Aberconwy has been truly inspiring. Teamwork has won this award and the journey continues. . . onwards to the Silver Award!
